Live-Learning Agreement
2021**

Parental Agreement

To facilitate remote education, including face to face live lessons, we are asking parents to support by:

- Ensuring that any device used by your child(ren) has filtering software installed to safeguard users from accessing inappropriate content.
- Wherever possible, being present whilst your child(ren) engages in remote face-to-face lessons.
- Wherever possible, providing children with a workspace that is quiet, safe, and free from distractions.
- Making sure your child is dressed appropriately for these sessions - no pyjamas please. No eating during live lessons.
- Ensuring that face-to-face communication is only between school staff and pupils, although parents should be in close vicinity to their child to be aware of the learning.
- Monitoring your child's use of technology during live learning: have they logged in with their correct first name; are they using the chat function appropriately including the correct use of language?
- Agreeing not to record or take photos of or share any zoom sessions,
- Agreeing not comment on public forums about individual teachers or lessons.
- Agreeing to these requirements by completing the Online form to give permission for your child to attend face-to-face sessions.
- By completing the Online form, you acknowledge that you have shared this document and discussed remote face-to-face learning with your child. It is vital that you and your child agree to follow the rules on the Pupil User Agreement and that you support this at home.

Unfortunately, over the past few weeks (locally and nationally) we have seen several social media posts that share children and teachers' pictures taken from live lessons. This is absolutely unacceptable and would breach this contract. If this is found to have happened, your child's access to live sessions will be stopped immediately and we may need to consider terminating live sessions for all pupils.
