Dear

### **PROVISION OF SPECIAL DIETS**

Thank you for completing the Dietary Needs Section on the admissions form.

In order for the kitchen to provide food for your child we require you to be aware of the following information.

Doncaster Schools Catering as contractor has a duty to abide by the Doncaster Council's policy for special diets for school children, which is as follows:-

*The School Meals Service provides diets for children with special dietary needs whether it is for cultural, religious or health reasons. Diets provided on the grounds of health are on the official instruction of the Director of Nutrition based at Doncaster Royal Infirmary.*

As the diet you have requested is of a medical nature it is necessary for you to consult your child's doctor and ask to be referred to the Dietetics Department at the Hospital. They will forward the correct information to us before your child starts school.

We will give our cook the full information and discuss in detail how the diet will be provided.

Regrettably until we receive this information we are unable to provide a meal for your child.

Thank you for your help in this matter.

Should you have any queries, please do not hesitate to contact Amanda Cawkwell on 07810 756458 or Sue Smith on 07788 993167.

Yours sincerely

**HELEN FIFOOT  
CATERING MANAGER**
